Staff Celebration

We want to hear who is going above and beyond and deserves recognition for their work in supporting students. You can nominate Staff members for a Staff Celebration award at bucksstudentsunion.org/yourvoice/staffcelebration.

One of last years Art, Design and Performance nominations said the following:

"Catriona Craig is a great Lecturer. She has been on top of things since the beginning of this year. Recently our class has had a slight problem, and she has immediately stepped in to resolve any problems. She is someone we can all count on, and she should be recognised a lot more for everything she does for the class."

Please feel free to contact surepresentation@bnu.ac.uk about any concerns you may have about your course

National Student Survey 2022–2023 Feedback

What is the National Student Survey?

The National Student Survey is an anonymous opportunity for final year students to look back on their higher educational experience and feedback on different areas including the positives and areas of improvement surrounding their course for the University to use to improve students' experiences in the future.

2022–2023 Results

BNU Celebrated an average of **84.6%** satisfaction across NSS categories.

Overall, Art, Design and Performance School Satisfaction:

- With the University: **84.2%**
- With the Students' Union: **83%**

Common feedback occurrences to keep an eye on this year:

- Assignments briefs receiving varied depth of explanation
- Students face issues accessing software, including via My BNU

How does the NSS relate to you as a Student Representative?

We use the eight NSS categories as part of the 'Your Voice' feedback collection for Programme Committee Meetings, to make sure that key areas of your student experience are being fed back on appropriately.

Additionally, we want to know what we can do to improve our service as a Students' Union to support you. Feel free to email any suggestions to **surepresentation@bnu.ac.uk**.
